Frozen Semen Contract for Sierpe De Jack Last son of Two Eyed Jack.

This Stallion Breeding contract is made and entered into on this day, by & between Carl Wood of Doubletree Horse Farms, hereinafter designated Breeder,

and _____

hereinafter designated Mare Owner. Mare owner agrees to breed (mare's name & # next line)

_____ to
Sierpe De Jack via Frozen Semen subject to the following conditions.

1. The Stallion fee includes a **non-refundable fee of \$1,000**, payable with this contract.

A. Normal Semen shipping fee in the continental United States is **\$200**. This includes lab and handling fees, temporary use of container, UPS or Federal Express overnight delivery. Shipping fee includes 8 straws enough semen to inseminate one mare in one cycle. All following shipments if needed shall be paid before any shipments will be made.)

B. To further clarify this agreement. There is no live foal guarantee. You will be charged a total of \$1,200 for each shipment. You may order as many shipments as you like or until supply is gone. Fees include 8 straws enough semen to inseminate one mare in one cycle. Insemination procedure is sent with each shipment. All following shipments if needed shall be paid before any shipments will be made.)

2. Shipments in off season may be made almost any day. During breeding season a one week notice will be necessary. Shipments will come from Colorado State University in Fort Collins Colorado. All fees must be paid to Doubletree Horse Farms before we will authorize shipments.

3. **Doubletree Horse Farms and its representatives strongly advise mare owner to do the following:**

- A. Culture & Biopsy all mares prior to ordering semen. (Saves you money in the long run)
- B. Worm the mare no less than every 60 days through the entire pregnancy.
- C. Given Rhinopneumonitis Shots in at least the 5th, 7th, and 9th, month of pregnancy.
- D. Keep her in healthy condition by providing her with ample good feed and adequate shelter.
- E. Do not unduly stressed her, especially in the last 60 days of pregnancy.

4. All conditions of this contract must be met before a breeders certificate will be issued and after a live foal has been produced the year following insemination. We do not send breeders certificates until a foal is born. It is your responsibility to contact us verifying a foal has been born.

5. Mare owner agrees not to hold Doubletree Horse Farms liable for delays in delivery, semen that is lost in shipment or mishandled in any manner after it leaves Colorado State University. And furthermore hold Doubletree or its owners and employees harmless of any claims of harm, of any kind, that might be associated, in any way, with the Frozen semen.
